premium for flat-rolled reduced carbon emissions steel over products produced from the traditional blast furnace-based route and came in at 0-500 yuan per tonne on Friday October 24.

Market chatter

"[Chinese] steel prices are expected to extend their decline in the near term if there is no bullish signal from the policy side. Because demand remains sluggish and we don't any stellar demand drivers," a Chinese trader said.

Shanghai Futures Exchange

The most-traded SHFE January HRC futures contract closed at 3,253 yuan per tonne on Wednesday, down by 12 yuan per tonne from [Tuesday's close](#) of 3,265 yuan per tonne.
